At the regular meeting of the city council last night the matter of furnishing the city with lights was taken up with a representative of the company. The council lagreed to pay annually 500 for lighting the city's streets. The citizens should manifest interest in this enterprise and should to all in their power to help in securing lights for the town. It is not a matter of one individual or a company of individuals profiting by the success of the project, but the predominating thought should be that the city needs electric lights and then lend your influence to the end that the enterprise will be a succ

BISHOP CARTER

Preaches Excellent Ser- IRVINGTON ITEMS monat Baptist Church Sunday Afternoon.

Bishop Thomas C. Carter, of Chatta-nooga, Tenn., preached at the Baptist church Sunday at 2.50 p. m. His theme was "The Friend That Sticketh Closer Than a Brother," using Proverbs 18:24 as his text.

He pointed out that an open en-emy was more desirable than "ia milk and cider friend." The enemy served to keep you alert, to bring you to your best, and to develop to you who are your true friends.

best, and to develop to you who are your true friends.

The speaker drew a contrast between the friendship of a mother and 'that of Christ, between that of wife and that of Christ, between that of a brother and that, of Christ, He showed that Christ could teach us and sympathize with us when mortal friendship failed. Christ was the superior Priend in times of temptation, in sin, in affliction, and finally in the hour of death.

The sermon abounded in historic and classic illustrations and withal was a very fine discourse.

THE REVIVAL **MEETINGS.**

The revival meetings at the Baptist church are causing much interest to be taken in the cause of religion. Rev. Compton is delivering some excellent discourses and his congregations are loud in praise of him as a revivalist. His discourse on Sunday morning was

The recital given by Miss Grace Almstead, of Louisville, last Thursday evening at the Methodist church was an occasion that everybody enjoyed very much indeed. No doubt but what Miss Olmstead has a reputation as an entertainer and teacher in elocution and ratory. The music conducted by Mrs. Piggott, Mrs. Nora Board and Miss Louiscutingham was appreciated to the fullest extent and they always please the people with their selection. It certainly was an unqualified success and we hope to have another one soon. It certainly was an unqualified success and we hope to have another one soon. The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time

The time to treat consump-

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Cities Not Adapted to Operate Busi-ness Enterprises—Loss of Capital Through New Developments — The Danger a Real One.

Through New Developments - 1. Danger a Real One.

It is becoming more and more generally recognized that undertakings founded on the great public needs of the highly organized society of modern times should be controlled by society. Whether, having the power, it is advisable that municipalities should actually engage in such undertakings or whether they should merely only but, through their powers as a landlord, is a matter which will be determined by the municipalities from political, social and economic as well as engineering considerations. Considering the question from its engineering side alone, it is found that remove the state of the municipalities from political, social and properly operated by states or municipalities. It is very important that this limitation should be recognized, as where the limitation should be recognized, as where the limitation is been overstepped it has resulted in heavy checked development in engineering times, and these results have in consequence afforded a strong argument to those opposed to municipal operation of public utilities.

A dauger which is always associated with the ownership of industrial undertakings is that the capital investment of the control of the capital investment of new and cheaper methods and processes. The extent to which industrial machinery of certain types is rendered obsolete by new improvements is not always realized. The writer is personally acquainted with one street car railroad plant in which the entire house was thrown out and replaced with improved machinery four times within a period of ten years. The Carnegic company is reported, correctly, it is believed, to have scrapped on one cocasion more than \$1,000,000 worth of new machinery which had never This has already become a serious

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache. Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

Beautiful Complexions.

Return this with 50 one cent stamps or 25 one cent stamps with the names and addresses of twenty ladies and learn how to have a lovely natural color as long as you live. This method is now being revealed for the first time to the general public. There are no cosmetics, bleaches, face powders, or other poisons in this. Pimples, blackheads and discolorations disappear forever under this method. Women and girls who wish to be beautiful will be taught the simple laws of beauty, and they will learn how the most beautiful women in Paris, guided and controlled by Master Gypsy and Greek minds, appeared upon the seene, played the game of life and carried everything before them with their bright eyes and unrivalled complexions.

Street Car Rules of Rio.

There are first and second class street cars, writes Albert Hale in the Reader, and I, with a package in my arms, had taken a first class bond, as a street cut is called in Rio do Janeiro. Scarcely had I done so when the conductor requested me to transfer light come along, because no one is allowed to carry anything greater than a lap-satched first class. So I humbly descended and had either to mix with market women and sweaty laborers or take a tilbury. A tilbury, a maned after the English maker who years ago introduced It, is a cutous two wheeled, light springed cab, like an old fashloned gig, and resembles a hansom without the attachment for the driver. He sits inside the tilbury. old fashioned gig, and re-embles a mannen without the attachment for the driver. He sits inside the tilbury. A person without a necktie is no more allowed first class on the street cars than was I with my parcel. They are decidedly particular in Brazil and in-herit many fastidious ways from the time of the empire, when dress and manners were the mark separating the aristocracy from the working classes.

Outwits the Surgeon.

A complication of female troubles, with catarrh of the stomach and bowels, had reduced Mrs. Thos. S. Austin, of Leavenworth, Ind., to such a deplorable condition, that her doctor advised an operation; but her husband fearing fatal results, postponed this to try Electric Bitters; and to the smazement of all who knew her, this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, billiousness, jaundice, chills and fever, general debility, nervousness and blood poisoning. Best tonic made. Price 30e at Severs Drig Co. Tr it.

Death Rather Than Asylum, Mansfield, O. Nov. 29—Mrs. Glara Terman, 42, fearing that she would be sent back to an insane asylum, from which she was released last February, covered her body with axle grease and then pouring coal oil over her hight gown, touched a match to it at her home. Her husband, awakened by her screams, threw a robe around her, but she died in a few minutes. She leaves a husband and five children, the oldest being seven. She was examined by a physician recently relative to her mental condition and had made a threat that she would never by taken back again.

E. C. DeWitt & Co., of Chicago, at whose laboratory Kodol is prepared, as-sure us that this remarkable digestant and corrective for the stomach conforms fully to all provisions of the National aboratory is a very large one, but if all the sufferers from indigestion and stom-ach troubles could know the virtues of Kodol it would be impossible for the manufactures to keep up with the de-mand. Kodol is sold here by all drug-vists.
